

Remarks

This is a supplemental response to Applicant's response to office action filed October 24, 2008. The supplemental response addresses the Examiner's notice of non-compliant amendment mailed December 5, 2008.

By way of this Response, Applicant submits a claim set with the proper status identifiers indicating that claims 4-26 are withdrawn. Reconsideration and reexamination of the application as amended is respectfully requested.

Applicant has made a genuine effort to respond to the Examiner's rejections to advance the prosecution of this case. Applicant believes all formal and substantive requirements for patentability have been met and that this case is in condition for allowance, which action is respectfully requested.

If the Examiner notes any additional errors of a §112 nature, she is invited to telephone the undersigned so that the matter can be promptly addressed and handled by an Examiner's amendment.

Respectfully submitted,

MARTIN JOHN LENZINI
